

The game selection menu is activated by pressing BOTH Player 1 start and Player 2 start buttons at the same time. The game selection menu will appear.

To select the next game, use the **left** and **right** buttons to move up and down. Once the desired game is selected, press the **fire** button to start that game.

At the bottom of the screen is the configuration utility. Pressing fire while "configuration options" is selected will cause a menu of configuration options to be displayed.

Space Invaders Multigame -- Game Details

The Space Invader Multigame kit has a hardware limitation that limits the maximum number of games to 8. The 8 games included in the kit are:

- Space Invaders
- Space Invaders Deluxe
- Jatre Specter
- Lunar Rescue
- Space Laser
- Balloon Bomber
- Galaxy Wars
- Solar Fight

The following sections give brief descriptions of each game, links to various other sites, and 3 sample screen shots.

A screenshot of the Space Invaders game. The top of the screen shows score and high score information. The main play area contains several UFO-shaped enemies (diamonds with a cross) and METEO enemies (asterisks). A player's ship is visible at the bottom center, firing upwards. The background is black with scattered white stars.
